PRIVACY PPLICY FOR THE WWW.SUN.CO WEBSITE

1. WEBSITE MANAGER

This website is the responsibility of SUNCO CAPITAL GREEN ENERGY INVESTMENTS SL, with Tax ID B-65461204, company domiciled in C/ Rosario Pino, 14-16, 28020 · Madrid, entity registered in the Commercial Registry of Madrid at volume 35483, folio 69, page 637802 (hereinafter, SCGEI).

2. MOTIVATION

The entity respects the privacy rights of its Users and recognizes the importance of protecting the personal data that the entity collects about its Users.
The purpose of this document is to inform the Users of the website about the processing of personal data carried out on this website.

3. PERSONAL DATA PROCESSED BY THE MERE ACCESS TO THE WEBSITE

3.1 What data is processed

By simply accessing the website, the entity collects the IP address and other data relating to the connection and its origin.
The IP address is a code that identifies the User's Internet connection at a specific time.
Only the User's Internet access provider can identify the subscriber who was assigned an IP address at a particular time.
By the very nature of the server that supports the website, the User's IP address is automatically recorded along with the date and time of access.

3.2. What is this data used for?

This data is used only to manage the normal use of the website and to perform statistical analysis on the use of the website.

3.3. Data recipients

The entity does not provide this information to any third party, unless required to do so by applicable law (e.g., an official request in the context of a police investigation).

3.4. Lawful processing

The legal basis that legitimizes the processing of the IP address is the technological necessity to enable the provision of the website.

3.5. Time limit for data processing

IP addresses will be retained for a period of 1 month.

4. WHAT RIGHTS DOES THE USER HAVE AND HOW TO EXERCISE THEM

Data protection regulations guarantee Users the following rights:

- Access: Allows the User to know what information is held, from where it has been obtained, to whom it has been provided and with what uses it has been treated.
- Rectification: Allows the User to rectify any erroneous or outdated data.
- Suppression: Allows the User to stop the processing of his/her data.
- Opposition: Allows the User to stop the use of his/her data for a specific purpose.
- Limitation: Allows the user to restrict the processing of their data, but so that they are retained for a subsequent purpose.
- Portability: Allows the User to obtain a copy of his/her data in electronic format and, under certain circumstances, to request that they be communicated to another service provider. It is only

applicable for computerized processing carried out with the consent of the User or for the fulfillment of a contract.

- Revocation of consent: Allows the User to withdraw the consent that, where appropriate, has been given for the processing of their data.

These rights require the possibility of identifying the User requesting them and linking his identity with the data processed by the entity.
However, the entity cannot establish this link with any of the data processed by the mere access to the website, unless the User could provide certain documentation that allows its identification (for example, a certificate from its Internet access provider indicating the IP address that the User had assigned on a specific date and time).
Users are informed that they may exercise the aforementioned rights before the entity, as well as revoke their consent for the treatments that they had given it, by mail to the above address or by e-mail to dpo@sun.co.
If Users wish further information in this regard or consider that their right to data protection has been violated, they may contact the relevant Data Protection Agency.

5. OTHER PROCESSING OF PERSONAL DATA

5.1. Cookies and similar technologies

The entity uses cookies and other similar mechanisms for storing and retrieving data on terminal equipment (hereinafter,cookies)
Cookies are files that are downloaded to the User's browser and can be read later by the entity. In this way, cookies allow various functionalities, such as, for example, recognizing a User who has previously accessed the website and being able to analyze the use of the web service in order to improve it. However, it is not possible to find out the identity of the User from the cookies used by the entity, unless the User provides additional information through other means and these could be linked to the cookies downloaded.
For more information, please consult the Cookies Policy.

6. MORE INFORMATION

If the user has any questions about the information contained in our Privacy Policy, he/she can send an e-mail message to: dpo@sun.co.
